

**---- February 28<sup>th</sup> 2013 Albany 2nd Amendment Advocate/Lobby Day ----**

UPDATED – 2/6/2013 – 9:30am

**NYSRPA Asks That All Women & Young Adults Attend Because The Gun Grabbers Like To Create The Impression That This Is An Issue Only Old Men Care About. They Want To Lay That Lie To Rest.**

Well, it is time to start the wheels in motion for our annual trip to Albany... **With all that has happened recently, they have not given us much notice, so we must act quickly to get out the word!!!**

As always there will be a pro-2<sup>nd</sup> amendment presentation, and there will be booths for sportsmen related merchandise and services, we will schedule time for all of our representatives to visit with us, and we will also plan time to go to each legislator's office and take a tour of the capitol bldg as well.

But the most important thing we will do on this trip is we will arrive and stand with our fellow 2<sup>nd</sup> amendment advocates and our fellow sportsmen and women from all across the state! A respectable showing to make an impact requires thousands of people to do whatever it takes to show up in Albany and stand together representing the hundreds of thousands of sportsmen, women and children in New York!

Fully 99% of the success of this event and the amount of respect we will receive from legislator's hinges solely on attendance and therefore the success rests squarely on the shoulders of each and every one of us to get people to attend this event.

Please PERSONALLY invite 5 of your friends, and make an announcement at any of your clubs/social groups to get a notice out to its entire membership with details on the event and invite club members (and non-club members alike) to sign up to attend. Several groups/clubs have agreed to pony up half the bus fare for the first "x-amount" of people from the group/club... Maybe your group/club will do it too!

Remember, this is our opportunity to make a show of bodies... You can be sure the anti's will be shipping up bus loads of kids who have seen the illegal gun owners in action when it is their day and we do not want our voice to be overshadowed.

Also for anyone who would like to go, but cannot afford the fare please contact me. And for anyone concerned about overcoming a disability, please contact me as I have already heard from a few others and am working with officials to find the best solution to acceptable access.

**We NEED bodies people! It is time that the sleeping Dragon is heard LOUD AND CLEAR!!!**

And I sincerely hope to see you all on February 28th,

Elmer LeSuer; 2<sup>nd</sup> Vice President F.S.C.U.C.; – [elmer.lesuer@gmail.com](mailto:elmer.lesuer@gmail.com); c - 914.466.5940

- 1). Your space is NOT reserved until your money is rcvd...
- 2). Several Clubs have agreed to pony up half the bus fare for the first so many people from their club... Maybe your club will do it too!
- 3). The question I received the most last year... **Yes The Buses Have Bathrooms!**
- 4). The other question I received the most last year... Yes, You Can Buy Food There... There is a Cafeteria, McDonalds, and Several Other Cafes/Sandwich Shops Etc...!
- 5). Handicap... We will drop the able bodied off at the closest access point to "The Well" allowed by event personnel. Anyone with true handicap may be dropped outside on street level above the "Well". This entrance is closer and quicker to get into the well but is reserved only for handicapped guests of the Legislative Office Building.
- 6). No Guns/Knives - they will not clear the security checkpoints and you will have turn them over or stay outside. As A Matter Of Fact Try To Avoid Having Any Metal On You At All... (Security scan is just like the airport.)
- 7). No Implements of Bodily Harm – I think you get the picture here... It's like going through the airport security!
- 8). You may bring small backpacks, attaches, laptop bags, etc... but they will be checked, and you may not be permitted to bring them into the Assembly or Senate Chambers... Purses are usually accepted in Chambers...
- 9). Consider Our Collective Image At All Times – There may be anti's who will badger and try to incite you... It only takes one short fuse to snap and make us all look bad so let's all be on our best behavior.
- 10). Ask your club to prepare concerns you would like to have presented to your legislators. You could prepare speaking points in advance or a written statement which may or may not be signed at your club meeting and we will make sure it is delivered in person to your senators and assemblymen.
- 11). Anyone is invited... Ask a friend... If you really can't go, find someone to go for you... If you want to pack your car w/people to try & save money, GREAT... just go! We need bodies... Still meet & depart from mall if you can.
- 12). Meals – There are sandwich shops, vendors and a cafeteria nearby by. No beer or alcohol is permitted.
- 13). Once the busses drop us, they will not return until departure time, so plan to travel light...
- 14). You do not have to speak, but will have the opportunity to do so if you want to...
- 15). It's all inside... Light Jacket or Sweater is plenty... Plan to leave your coat in the bus you'll hate carrying it all day...
- 16). Best signage is something you can wear. Banners and signage may be denied.
